

E.H.P.S. (formerly known as YMCA)

Health Psychs, there's no need to feel down,
I said, Health Psychs, pick yourself off the ground
I said, Health Psychs, if your study goes down,
There's no need to be unhappy

Health Psychs, there's some people like you
I said Health Psychs, lots of fun things to do
You can meet them, and I'm sure you will find
Many ways to have a good time....

It's fun to go to the E.H.P.S.,
It's fun to go to the E.H.P.S.
They have everything, CREATE and SYNERGY, too,
You can hang out with all the nerds
It's fun to go to the E.H.P.S.,
It's fun to go to the E.H.P.S.
Taxonomise your stuff, and if you can't get enough
I'm sure there's an ontology for you, too

Health Psych, are you listening to me?
I said, Health Psych, what do you want to be?
I said Health Psych, you can make real your dreams
But you got to know this one thing
No one does it all by themselves,
I said, Health Psych, put your pride on the shelf,
And just go there, to the E.H.P.S.
I'm sure you can join there today

CHORUS

Health Psychs, I was once in your shoes,
I said, I had the non-significance blues,
I felt nothing I tried would replicate,
I felt the whole thing was so jive

That's when someone came up to me
And said, Health Psych, take a walk up the street,
It's a place there called the E.H.P.S.
They can start you back on your way...
